**Subject:** Formaldehyde URT cancer MOA materials  
**Attachments:** FA URT cancer MOA\_v7.docx; FA URT cancer MOA\_v7\_compiled version\_July 2014.docx; Figure 1.x.x.1.png; Figure 1.x.x.2.png; Figure 1.x.x.3.png; Figure 1.x.x.4.png; Figure 1.x.x.5.png; MOA Tables\_v9.docx; URT cancer MOA\_v6\_figures.pptx

Hello Formaldehyde managers!

Attached please find the revised formaldehyde URT cancer MOA. There are several files, including:

- “FR URT cancer MOA...\_compiled version” This is the narrative text with the figures and tables inserted. I wasn’t entirely sure where the best place for the tables would be, so the layout could certainly be adjusted to suit your needs.
- “FR URT cancer MOA” This is just the narrative text in a simple .docx.
- “MOA tables” This is a separate .doc file containing just the Tables.
- 5 files “Figure 1.x.x.1, ...2, ..3 etc” These are the 5 figures as separate .png files, which were inserted into the “compiled version” of the text, noted above.
- “URT cancer MOA...figure” This is a separate .pptx where the figures were built, and contains the original figures: any modification to the figures should be done in this file, and then new .png files can be created to insert into the .doc text file as images.

## Ex. 5 Deliberative Process (DP)

I’d be happy to answer questions as they arise, and please let us know how the TPWG can further support the formaldehyde TR.

Thanks,

Jason Fritz, TPWG co-chair
